

Level Up Lead Capture with Captain Captello's Booster Modules:

SINGLE ACTIVATION

Supercharge Lead Generation: Like a beacon attracting heroes, our Single Activation module includes customizable leaderboards, a Reward Center, and detailed Progress Reports, all integrated seamlessly with your lead capture forms.

MEETING SCHEDULER

Time-Bending Efficiency: With Captello ULC Meeting Scheduler, schedule meetings on the spot like stopping time! It's your secret weapon for maximizing engagement and opportunities.

CAPTELLO 365

Endurance for Every Day: One lead capture form for year-round use, giving you the endurance to capture leads consistently, just like Captain Captello's never-ending energy.

SOCIAL APPEND

Insight Vision: Gain up to 1,500 matches per month, enriching records with social media profiles and interests. It's like having x-ray vision into your leads' world, ensuring a more personalized connection.

CONNECTORS & INTEGRATIONS

Master unparalleled connectivity: Choose from our array of pre-built CRM and Marketing Automation Connectors, or utilize our APIs, Zaps, or webhooks to create custom integrations.

* NPI LOOKUP

Provider Insight: Enter a National Provider Identification (NPI) number to seamlessly integrate provider information into your capture form, like having a supercomputer at your fingertips.

* CONNEXIONS

Digital Arsenal: Arm your team with digital business cards, NFC bracelets, and versatile connection options. Each interaction can share contact info, lead capture forms, or company media, transforming every handshake into a powerful connection.

* HOSPITALITY

Rapid Response Catering: Process orders for food and beverages swiftly, turning your hospitality services into a super-efficient operation. Generate detailed reports and make your service the hero of the event.

* EMAIL VALIDATION

Shield of Integrity: Ensure that every email address is accurate before form submission. Email Validation is your shield, guarding against incorrect information and maintaining the high quality of your data.

* INTELLISCAN™

Advanced Scanning Technology: Captello IntelliScan™ revolutionizes badge scanning in environments where developer kits are not available, capturing contact information efficiently and accurately, populating your lead capture forms with ease.
